The Habit of Health

Many people have a habit of ailing. How much better it would be to learn to keep well. For health, after all, is largely a matter of habit, which all may acquire with a little practice.

BEECHAM'S PILLS

teach good habits to Stomach, Liver, Kidneys and Bowels. If you are subject to Bilious Attacks, suffer from Constipation or are troubled with Indigestion, Nervousness or Headache, Beecham's Pills will reform all these bad habits and set an example of good health, which the body will quickly follow. You can break up all sickly habits by occasionally using the health suggestions transmitted by Beecham's Pills.

ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

R. F. Powers of Clarendon, has a few silver half-dollar pieces, the dates of which are 1809, 1819, 1824, 1833, 1840, 1733, and 1854.

An analysis of the Iraaburg village water has been made at the state laboratory of hygiene at Burlington and it is pronounced pure.

While raking leaves in the yard of Mrs. Rodney Shedd at Bethel, Robert Currier turned up a coin which proved to be one of the old fashioned large kind. The coin is very distinct and is of the issue of 1803.

About twelve tons of poultry were shipped from Vergennes Friday. Price for turkeys ranged from 22 to 28 cents a pound; chickens 12 to 16; fowls, 11; geese, 13. The prices on turkeys were disappointing to raisers, as they expected to receive more.

The completion of the village water system in Bristol celebrated Wednesday night by the discharge of rockets, charges of dynamite, etc., from the reservoir on the hill. When they are all placed there will be fifty hydrants in the village and every house will be less than 300 feet from one. The appropriation for the water system was \$35,000, and the cost is less than the sum appropriated.

W. C. Parsons, a Pullman car conductor between Montreal and Boston, was found unconscious in his room Tuesday morning, November 21, at the Newport house, Newport, from the effects of a partial shock. Parsons retired as usual Monday night but not answering to his call in the morning the door was opened and he was found with head and shoulders hanging out of bed. He was removed to Montreal Wednesday.

Fearing that his apples, which were stored over the wood shed, would freeze one night recently, Ernest Hitebeck, of Pittsford, lighted an oil stove in the room. He was called away for a few moments, and upon returning found the room all afire. He quickly summoned his family and for fifteen minutes they fought the flames and finally conquered them. It is thought that the stove set fire to some blankets near by. Twelve barrels of apples were lost.

Michael Swietly, an Italian, met death under the mill in the International Paper Co. mills at Bellows Falls November 18. Swietly was down below the first floor in a subterranean passageway in which there is about six inches of water. It is supposed that he, in some way, struck his head against the roof and becoming unconscious fell into the water and was drowned. He was 32 years old and is survived by a wife and two children, one only a few weeks old.

The docket for the December term of Lamoille county court have been issued. There are 71 cases in the court and 17 in the chancery docket. Of these cases 12 are petitions for divorce, 1 is a state case, and the remainder are civil cases. Sixteen cases are set for jury and 12 are set to court. The Hon. John H. Watson will be the presiding judge.

With the return of Mr. and Mrs. J. R. Tillagust to their home in North Englewood, N. J., what is known as the Swift homestead on Monument ave., Bennington, will be closed for the winter. The house is one of the oldest in town, having been built prior to 1772 by the Rev. Jedediah Dewey, the first pastor of the old church. Although it has been modernized in many respects it yet maintains many of its old characteristics.

The sight and hearing of 764 pupils in the Bennington public schools were tested recently in accordance with the requirement of the law passed by the last legislature, and only eleven were found with defective hearing. One hundred sixty-seven pupils were reported by the teachers as being defective in vision in one or both eyes, but the conditions of light were not favorable for accurate testing. A second test of those reported on first test is now being made.

The defendant in the jury case of Hobart G. Brewer vs. Ephraim A. Perley (now deceased) and Miles A. Paul, in which a verdict for the plaintiff to recover \$12,576.15 was returned in United States circuit court at Rutland Friday, has appealed and the case will be tried again in the United States circuit court. As announced in the Messenger Messrs. Perley and Paul, of East Berkshire, were executors of the will of Caleb R. Brewer of Enosburg, father of H. G. Brewer, of Tabor, Iowa. The suit was an action to recover the value of notes claimed to have been given by the plaintiff.

The new reservoir of the Hartford Water Co., on the Simons farm, about two miles from White River Junction, is finished and the water is running in.

NIP IT IN THE BUD.

First Appearance of Dandruff a Fore-runner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-out cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Rickett & Wells, Special Agents.

It has a capacity of some 15,000,000 gallons and is supplied from a number of springs, which within the memory of residents in the locality have never failed. A plentiful supply of water to the Junction and West Lebanon, N. H., is now assured, although the demand from the two villages is heavy, owing in part to the large amount used by the Central Vermont and Boston & Maine railroads, most of which is supplied by the Hartford Water Co.

MADE INSANE BY GALE.

Passenger on the Patricia Taken to Dover Hospital.

Dover, Nov. 28.—Owing to the fierce gale that was prevailing in the Channel Sunday night the Hamburg-American steamship Patricia and the Red Star liner Kronland were delayed in Central Vermont and Boston & Maine railroads, most of which is supplied by the Hartford Water Co.

A passenger on the Patricia, who had become insane through terror of the gale was taken to the Dover Infirmary.

A WONDER WORKER

MARVELOUS DISCOVERY FOR THE CURE OF ALL FORMS OF CONSTIPATION—NOT A HABIT BUT A CURE—YOU DECREASE THE DOSE UNTIL CURED.

After many years of study and practice a physician specialist has discovered the cure for constipation. It is called Chase's Constipation Tablet.

"I do not mean," said the physician to several of his colleagues announcing his success, "I do not mean just another pill that breeds the pill habit. My remedy is a cure. By gently forcing all the digestive organs to perform their functions it restores them all to health and strength."

"The more you take the less you need until you need none—for you are cured. My effort all along was to avoid the evil of the ordinary remedy which pares the organs already weak and so makes the patient a slave to the pill. Remember—Nature expects every organ to do its duty."

Physicians have long recognized the fact that constipation is at the bottom of many of our diseases, saps the energy, and makes life a burden; it opens the doors to all evil germs and makes the body too weak to resist them.

"THE VELVET WORKER."

This new discovery is in small tablets, easily taken, and they are packed in watch-shape bottles which fit the vest pocket. The tablet is mild, all vegetable, never grips or injures the most delicate organs. But it does the work. So naturally and soothingly they stimulate and regulate and strengthen that they have been nicknamed "The Little Velvet Workers."

Don't shuffle along with this great burden. Be healthy, be strong, be happy. Read our offer:

To any reader who sends us his or her name and address with five stamps to cover postage expenses, we will at once mail a full-size 25-cent bottle of Chase's Constipation Tablets, the worker that cures. Not a sample, mind, a full-size 25-cent bottle. Let us prove it to you. Write to-day addressing Chase Mfg. Co., Newburgh, N. Y.

Married Sixty-six Years.

There are probably few couples in New England who have lived together longer and happier than Mr. and Mrs. William H. Weller, of Middletown Springs, who have just celebrated their 66th wedding anniversary.

Mr. Weller was born August 15, 1818, and married Philena F. Kelley August 4, 1839. She was born February 29, 1823. They are both in as good health as the average person of 60 years. They are both Vermonters by birth, and they attribute their long happy lives to their rural surroundings.

Mr. Weller owns a profitable farm and until ten years ago did active farm work. To the couple there have been born five sons and five daughters, seven of whom are still alive, four sons and three daughters, the eldest being 63 years old. Mr. Weller's chief occupation has been that of a farmer, although in early life he was engaged in the marble business in Timbrough for a number of years.
